

MAR DE ROSAS

VINEYARDS: Vineyard plots of Casal Sta. Maria, dedicated exclusively to the production of rosé, since 2017.

YEAR: In contrast to a rainy April, with some pressure of disease in the vineyard, we had a very hot spring and early summer. In Colares, we had a year of medium-low production, with few bunches, but excellent flowering. The harvest began during the month of August, covered by fog from Sintra, and lasted until mid-October. The whites are very aromatic and balanced, while the reds have good fruit definition and excellent concentration.

VINIFICATION: As in all the wines of Casal Sta. Maria, the harvest is always manual. In the winery, there is a huge effort to select the best bunches and grapes, followed by light pressing, avoiding any skin macerations. The juices decant for about 48 hours in stainless steel vats, subsequently starting

fermentation in used and new French oak barrels of 225L and 500L. Finally, the wine ages in barrels for about 10 months with bâtonnage.

WINEMAKER'S COMMENT: Clean salmon colour. Complex nose with Atlantic notes, red fruits, and French oak elegance. Refined and velvety flavour with salty notes and crunchy acidity. Long and intense finish.

CONSUMPTION: It should be drunk at 8-10°C. It should be open between August 2021 and September 2022.

WINEMAKING: Jorge Rosa Santos and António Figueiredo.

VITICULTURE: José Ribeiro Corrêa.
